Book via <https://www.ticketsource.co.uk/department-of-paediatric-surgery-birmingham-childrens-hospital>

Or <http://www.baps.org.uk/events/baps-oncology-course-2019/>

*The BAPS oncology course is a 2 day intensive lecture based course teaching the principles of surgical oncology. Lectures will be given by a range of experts from surgery, oncology, radiotherapy and palliative care. These interactive sessions will teach surgical decision making around the diagnosis and management of oncology patients as well as operative lectures and videos to teach the principles of oncological surgery. The course is aimed at senior trainees and consultants who wish to enhance or refresh their knowledge of oncology.*

By your side

## Topics to be covered include

The role of the surgical oncologist

Principles of oncology

Principles of radiotherapy

Germ Cell tumours

Wilms' tumour

Brain tumours

Rhabdomyosarcoma
