

European Paediatric
Surgeons' Association

Pediatric Endoscopic Surgery Master class & Workshop

5-6 April 2023

BAKU

— AZERBAIJAN —

Introduction

The 1st Pediatric Endoscopic Surgery Master class and Workshop of the European Paediatric Surgeons' Association (EUPSA) in Azerbaijan will be held from 5-6 April 2023 in Baku. The importance of the region in supporting pediatric surgery and EUPSA ongoing support towards education activities to pediatric surgeons in advanced endoscopic surgery will be the hallmarks of this event.

The Master class on 5th April will consist of lectures on common as well as advanced cases managed by endoscopic surgery and will be an interactive event so that the participants have the opportunity to exchange views and learn from experts. The Workshop scheduled for the 6th April will focus on hands-on training in models to improve skills of the participants. The Workshop will have limited spaces and will be offered on a first come registration basis.

Azerbaijan is unique in the beauty of blending between Europe and Asia. The Country offers visa-free travel to many countries which will be beneficial for participants from the region to attend this event. Baku is the capital and the largest city in Azerbaijan as well as the largest city on the Caspian sea and the Caucasus region. The city has hosted important European events as the Eurovision song contest 2012, European Grand Prix 2016 and UEFA Football Euro 2020 and offers many exciting venues for social and cultural events.

We welcome you to Baku, Azerbaijan for the 1st Pediatric Endoscopic Surgery Master class and Workshop!
