ADVANCED MINIMALLY INVASIVE PEDIATRIC SURGERY

International workshop and hands-on course

1 - 2 December 2023 | Berlin
Germany

Endorsed by:

Dear colleagues

At a time when minimally invasive pediatric surgery has evolved as standard technique, training remains a challenge. Training can be enriched by workshops using realistic biological models similar to clinical conditions. Therefore, we want to invite you to an international workshop and hands-on course for minimally invasive pediatric surgery.

Initially, basic techniques of access, exposure, suturing and knotting in small cavities will be trained on chicken and rat models. The workshop is focused on specific abdominal, thoracic and even esophageal minimally invasive procedures. We guarantee that participants will be able to perform numerous operations, such as fundoplication, nephrectomy or splenectomy themselves. The facility at the Aesculap Academy training center in Berlin is excellent and fulfills all needs for such a workshop.

PREFACE

A very limited number of participants will be trained by experts in minimally invasive surgery and the ratio between experts and participants will be optimal. There will be room for extensive discussions on different concepts, views and opinions. The participants will then understand that different surgeons use different concepts.

The workshop is accredited by the European Pediatric Surgeons Association (EUPSA) as well as the European Society of Paediatric Endoscopic Surgeons (ESPE) and is supported by the German Association of Pediatric Surgeons and its Workgroup Minimally Invasive Pediatric Surgeons.

Come and spend some interesting days with us in Berlin. Looking forward to seeing you.

Best regards

Benno Ure

Chairman of Pediatric Surgery, Hannover Medical School

PROGRAM

- Two day hands-on course on living rats and a chicken model
- Specific anatomy, basic techniques of access, exposure, suturing and knotting in small spaces
- Fundoplication, nephrectomy, splenectomy, bowel anastomosis, diaphragmatic reconstruction, esophageal anastomosis
- Full equipment and more than one expert for every two operation tables
- Video presentations and discussion of specific operations by faculty members

DATE

Berlin 1 - 2 December 2023

The course starts at 8.00 am on day 1 and ends at 5.30 pm on day 2.

COURSE FEE

- 1,100.00 Euro net plus VAT, where applicable
 - Special price for the members of the EUPSA or ESPES: 1,020.00 Euro net plus VAT, where applicable including course documentation, food & beverages during the course as well as hotel accommodation for 2 nights.
- Your registration will be valid upon receipt of a written confirmation. An invoice will be sent to you approximately 4 weeks prior to the course.

HOTEL RESERVATION

Together with your confirmation of participation you will receive an information leaflet of the hotel where we have booked your accommodation.

ONLINE REGISTRATION

Advanced Minimally Invasive Pediatric Surgery

1 - 2 December 2023

 Ms. Mr.

Title, first name, surname

Department/specialization, function

Clinic/practice

Street, number (clinic/practice)

Postcode, city (clinic/practice)

Billing address (if different)

E-mail

Telephone (optional)

I am a member of EUPSA or ESPES (proof of membership must be enclosed with the registration). Please note that no special price can be granted after invoicing.

We process your data exclusively for the purpose of carrying out and organizing this event and to inform you about our offer. The legal basis for this processing is the contract you enter into with us when registering for an event. In order to process your event participation, your data may be passed on to third parties (e.g. sponsors) or within the B. Braun Group to the extent required. Your data will only be passed on for other purposes if you have given us your consent.

I agree the data I have entered above may be used within the B. Braun Group for advertising purposes. Excluded from this is the billing address.

You can object to the use of your data for advertising purposes at any time. For this purpose, please contact Aesculap Akademie GmbH, Am Aesculap-Platz, 78532 Tuttlingen, Germany or send an e-mail to datenschutz@aesculap-akademie.de. The same applies to the exercise of your rights as a party concerned (e.g. right to information).

For more information on data protection at the Aesculap Akademie, please visit our website.

Note: Photos and short video sequences will be taken during the event and published, including on the website and social media accounts of the B. Braun Group. If you would like not to be photographed and filmed, please inform our organizing team.

The Aesculap Academy® connects people who want to develop their skills in the healthcare sector. Medical excellence is redefined with innovative discoveries and developments - in the operating room, clinics, outpatient care and in healthcare management.

CONNECT. EXCHANGE. ENABLE.

We connect these healthcare professionals through advances in new technologies and methods so that they can exchange insights across our global network. We connect people face-to-face and digitally so that they can share experiences, perspectives, and theories.

Everyday life in hospitals and clinics can be challenging. Our goal is to empower the individuals that work in this sector with innovative, real-life education concepts. These concepts comprise cutting-edge research, improved simulation, insightful training, and significant content that shapes the future of medical care worldwide.
